Autumn 2010**

Bradford's Farm goes Alp!

Our apartment in Les 2 Alpes, France, is available to rent for the 2010-11 ski season and for summer 2011. Further details are on our website, and if you would like to know more, give us a call or pick up a leaflet in the butcher's shop. It is a lovely apartment, centrally situated, in a fabulous resort.

Caravans

We are still taking rally bookings for 2011, although we are nearly full, so get in touch soon. However, there is plenty of space on the 5 hook-up CL site at Isfield, so give us a call soon, particularly if you want a pitch at a busy time, such as a Bank Holiday weekend or school holidays.

Our caravan storage facility is full and renewals are each July. The annual charge has risen to £470 per year, as we now have to pay VAT, so contact us for details. If you store your van with us, please do remember to put your name in the front when you drop it off, as it makes life so much easier for our staff!

Harvest

We had a good harvest this year, in spite of the rather peculiar weather. Grain prices have improved, as the weather was even worse elsewhere in the world, so we hope that our wheat, barley and oats will fetch better prices this year. However, due to the long dry spell in July, like many farmers, we are very short of hay and silage to feed our cattle.

New Shop - planning permission granted!

We now have permission to build our new shop in the middle of Isfield village. We will be building during the autumn and winter 2010 and hope to move to our new site by Easter 2011. Watch this space for progress!

There will also be community plots available in Isfield, next to the shop, for local people to rent, to grow fruit and vegetables for their own consumption, in a similar way to an allotment.

We plan to sell a greater range of locally produced goods, including surplus produce from the community plots, thereby providing Isfield with a village shop, selling a wide range of produce, including butter, cream, cheese, preserves, honey, fruit and veg, flour, ice-cream, cakes etc. in addition to meat, poultry and eggs.

Villagers will be able to sell their home grown produce or home made goods through our shop, so do get in touch if you are interested, or if you might like a community plot.
